Smoking Policy

Smoking, including the use of electronic cigarettes is banned on all ABA controlled ranges, except where the club is **able** to provide a suitable 'smoking area' with suitable extinguishing trays and away from eating areas. Not all clubs may be able to provide this area due to local rules (local bans for example). ABA controlled ranges include Branch, State and National shoots.

Smoking is further prohibited in an area within 10 metres of the clubhouse and practice areas.

A competitor who continues to disobey these rules will be asked to leave the range or area concerned and suitable action taken. This could include exclusion from the competition.

**Issued by the National Board
30th April, 2023**
